

36TH ANNUAL

Blue River
Gang Sale

SIMMENTAL
SIMANGUS™ & ANGUS

SUNDAY, FEBRUARY 4, 2018 | SALE STARTS AT 12 NOON | RISING CITY, NE

Welcome to our 36th Annual Simmental, Sim-Angus & Angus Production Sale!

It's amazing how quick a calendar year can fly by. It seems like yesterday that we sat down to write this letter. We were very pleased with the feedback from last year's sale. It varied from calves setting down the scales at weaning time, new offspring that all the visitors loved, and success in the show-ring. Each year we strive to make our quality of cattle increase, and take pride in offering cattle that can work in several different programs. Look through the pictures, come out and see them in person, if you have been to the sale before it won't take you long to discover that this is our best set yet! We welcome both previous and new customers to call with any questions or to come out and see the cattle in person. Every year on sale day, it's always great to see the repeat customers that have been here from start and those that have been coming for several years. It is because of our loyal customer base that we can do what we love and offer these cattle, so thank you. Thank you for your interest in our sale, we look forward to seeing you, both customers new and old on sale day!

Every year, our open heifers sold on the sale are eligible for a futurity show held mid-summer at the Ruth Farm following the sale. With \$1500 of total winnings over 9 places, this is a very worthwhile event. The winnings can then be redeemed at the following year's sale as credit. The futurity is not limited to just 4-H and FFA members. It is open to anybody purchasing heifers at our sale.

We hope everyone can make plans to attend the 36th annual Blue River Gang Sale. If you have any questions with the sale offering, please feel free to contact any of the breeders or the sale management. Hope to see you on sale day!

Congratulations Futurity Winners!

The Blue River Gang congratulates the 2017 Futurity Participants on their BRG Futurity Winners:

THE BLUE RIVER GANG

Welcome from Sale Management

Welcome to the 36th Annual Blue River Gang Sale! 36 years of sales and the 2018 offering of the BRG sale will not disappoint the most discriminating buyer. The offering includes the elite open females, powerful bred heifers and stout herd bull prospect of Simmental, SimAngus and Angus genetics.

Juniors take note – with your purchase of an open heifer, you can not only be part of the BRG Futurity Show with prize money of \$1500 but you can head to MN for the AJSA National Classic in July 2018. Double bonus with your purchase!

View the sale catalog, watch the videos or stop by the farm to view the cattle in person. We hope that you will plan to attend the sale in person, join us for lunch but we understand busy schedules so we have liveauctions.tv available for bidding and viewing for your convenience.

Give us a call, the breeders or any of our top marketing reps for assistance as all would love to visit about the sale offering.

Sincerely,

THE MARKETING TEAM AT EBERSPACHER ENT. INC

BF Miss Confide In Me, Dam

Remington Lock N Load 54U, Sire

Last year this girl's full sister demanded \$7,500 and was our sales futurity winner for the Staab Family. I was trying to figure out how we would make one better than her sister then came this girl, and she's a baldy! Instead of writing a novel on her, I'll let her picture do the talking. Direct Lock N Load daughters are getting pretty hard to come by, especially ones of this quality! Extremely gentle and ready for the showing.

We truly feel that this heifer is elite! This one has been an absolute standout since birth. One that profiles this good, and gets around this easy should be one that catches the eye of judges all around. After she gets done with her show career, let her become one of your top producing cows. As you look through the catalog, you will find maternal siblings to her that are all top end cattle. There is a lot to get excited about in this one! Has a great disposition and ready for the showing. Maternal siblings in Lots 1, 3, 27 and 63.

Here is one of the younger heifers on the sale. This past fall, we decided to purchase her dam, Confide In Me, and this was her calf at side. Her maternal siblings sell as lots 1, 2, 27 and 63. This one could make a guy look pretty smart down the road once she gets into production.

BF Miss Confide In Me, Dam

This strip faced heifer is big boned and smooth made in her make up. Be sure to evaluate this heifer. E28 is elegant and clean fronted with a lot of depth and power. She is as sound as they come and will be a front pasture cow after her show career. **Retaining the right to two successful flushes.**

You really have to appreciate the way that this heifer profiles. There is a lot of maternal power bred into this heifer. Look into her pedigree, she is an outcross to a majority of the breed. This is the kind that will make a great cow when in production. Great disposition, halter broke.

LRS Turning Point 3117A, Sire

Here is my favorite purebred heifer in the offering. This is one of the best Turning Point females I have been around. She goes back to our 521 cow who raises a top selling bull for us every year. It is hard to find heifers this powerful that remain so balanced that still carry that elegant look. Have fun showing her then let her work right into being you top producing cow. Halter broke.

I really like the way this flashy half blood female is made. She is great in her lines and very correct. With her markings, she will get noticed. If you flip back to the bred section, you will see the quality in her half siblings, she is headed in the same direction. Halter Broke

Fancy Angus Open Heifers

This female is thick and extremely long bodied. Her dam, JJR Delia Y500, has been very productive and milks extremely well. She is one of our donor females, combining two tremendous bloodlines, SAV Bismarck 5682 and ONeills Delia 715. ONeills Delia 715 is one of the real power cows in the breed. She is the dam of ONeills Expedition, ONeills Lucky Boy, ONeills Power Force. She is also the dam of the high selling bull in the 2015 Malfeld/ONeill Sale for \$12,000 to Stan Stanton, MO. A full brother going to Adam Ward, KS, sold for \$7,000. She has several fantastic daughters in the herd that are donors. Donors including ONeills Delia 720, ONeills Delia 725, ONeills Delia 730, ONeills Delia 728, ONeills Delia 740 and ONeills Delia 755. Embryos topped the 2010 National Western Female sale at \$1,500 each. And she tied for the second top selling embryos at the 2011 NWSS. Her sire, Active Duty, has the power, stature, eye appeal

These two bulls are full sibs to our top selling bull last year. They are out of the proven pound bull upgrade who has done great things for the breed and our Angus donor who is now deceased. We have over 10 daughters of the 412 cow in our herd and they all excel in production and all have desirable udders and structure. These brothers rank in the top 20% of the breed for their Terminal Index (TI), top 20% for Wean, top 15% for Year and top 10% for ADG. Look for their offspring to set down the scales and to be some of your best females.

Triple C Bettis S72J, Sire

We are big fans of this guys sire, Triple C Bettis. The calves come small, get up and get going, then wean in the top of the weight bracket. This guy has calving ease bred into him on both sides of the pedigree. He ranks in the top 10% of the Breed for Calving Ease, Top 10% for Wean, Top 15% for Year Top 25% for API and Top 15% for TI. It is hard to find calving ease bulls that offer this much performance, both in the pen and on paper.

This bull is an absolute truck. He is among the stoutest and soggiest in the entire offering. He is out of our new herd sire Felt Command who is doing great things for us. If you want more power and performance, he should do the trick!

These two bulls are out of our top donor W83. For the past 4 years, she has had sale toppers in the open and bred heifer divisions. W83 herself was a many time winner for us and when her show career ended, and it came to production, she has done nothing but exceed our expectations. These two brothers are very similar in their overall design and are very correct in their structure. These are some of the best bulls we have ever offered. We hope you appreciate them as much as we do, for we think they will go on to do great things whether their offspring will be setting down the scales, or be beautiful baldy females everyone desires.

This cow is notorious for having a top selling bull for us every year. A maternal sibling demanded \$7,500 for us on the 2016 sale. His sire was our pick from James Felt's bull sale and has done a great job for us. This bull will put pounds on your calves. He is in the top 25% of the breed for his Terminal Index and top 15% for his Wean EPD.

Here is a bull that is great in his lines with a great middle and powerful hip. He is out of Felt Command our pick of the 2016 Felt Bull Sale. His dam has a good one for us every year. He has an awesome EPD Profile with his API being in the top 30% of the breed.

Sandeen Donna
7386, Dam

E35 is out of the great Sandeen Donna 7386 cow. This standout bull was the Reserve Percentage Division winner at the Iowa State Fair. E35 is a low birth weight bull who is long necked, flat shouldered, and small headed. He is big bodied and functional in his design. This bull is already a proven winner and is sure to add eye appeal to your calf crop.

The dam of these bulls is a full sister of Resource, Recharge and Heritage. She is the number one Rito 7075 daughter in the breed for WW and YW. Her dam, S A V Blackcap May 4136, is one of the most prolific and influential cow in SAV history producing over \$8.5 million in progeny. Their sire, R B Active Duty has the power, stature, eye appeal and thickness with the kind of capacity demanded today. His progeny have been topping production sales around the country. 788 combines a striking phenotype with an outstanding genotype. Check his birth EPD - easy calver. 6313 is extremely thick and powerful, deep chested with high capacity. He'll be a calving ease bull. 7027 is a stylish bull with thickness and large girth. He'll also be a calving ease bull.

Tremendous bull, long bodied and thick. Easy calving. His dam is a daughter of the great SAV Blackcap May 4136, one of the most prolific and influential cows in SAV history, producing over \$8.5 million in progeny. His sire, Game Changer offers true curve bender performance with a double digit CED EPD. He ranks in the top 1% of the breed for CED and REA. He also posts great EPDs for BW, CEM, CW, \$W and \$B. All of those traits put him in the top 10% of current sires for those specific EPDs. His calves are long spined, great fronted, deep sided and sound. 7508 is a long bodied bull with a great pedigree and excellent EPDs. His dam is a full sister to S A V Sensation, the \$950,000 bull in the SAV Sale. She is the number one Registry daughter in the breed for WW and YW, \$F and \$B and top 5 for \$W.

Ruth Mr.
D109,
Maternal
Brother

Here is a bred heifer that is sired by the deceased Turning Point bull and goes back to our Angus donor who is now deceased. Her maternal siblings sell as Lots 33 and 33A. Last year, a maternal sibling was our top selling bull. This is the kind that will raise bulls and heifers year in and year out. Vet called likely to calve by sale date to Lock Down.

Lot 59

BF Mr. Confidence,
Sire Lots 60-61

CAJS Blaze Of Glory,
AI Sire Lots 60-61

We are very fortunate to be able to own a bull like Mr. Confidence. What he has done for our program is tremendous. Daughters like this are a great example. These type of cattle can work in any program. This one will calve by sale day for a purebred calf, the mating to Blaze of Glory could be a great one!

This may be one of the best bred heifers we have ever offered. Last year, her full sister demanded \$7,500. She has two full sibs on this year's sale as Lots 1 and 27, and a maternal sister in Lot 2. You can see by this female and her siblings that this is a bullet proof mating. The more you study this one, the more you will fall in love. She is an excellent mother with a great udder. To top it off, she has a purebred Bettis heifer calf at her side!

We felt that one area we needed to add higher quality to in our sale offering was our bred heifer division. Typically, we would keep heifers of this caliber back for our own use but we realize we need to offer our best. This white headed one is one of my top picks in this division; she has the potential to make someone a lot of money. Vet called her likely AI bred to the great calving ease bull, Blaze Of Glory for a purebred calf in early February.

- S A V Emblynette 3301
- F V 20K King 308M
- SAV Emblynette Diamond 8517
- Sav Emblynette Diamond 6377

These embryo females display volume, sound structure and extreme length. Their sire is the tremendous SAV Momentum 9274 that was selected by Bramlett and Britt Farms as the top selling Net Worth bull from the 2010 SAV sale. Their dam is a maternal sister to SAV Harvester's dam. She, SAV Emblynette Diamond 6377, has served the SAV program for over 17 years and 126 direct progeny. Lot 74 sells with a Final Answer heifer calf at side. She has a beautiful udder and plenty of milk and is a good mother.

JJR Pioneer 5237, \$5500 son

JJR Miss Resource 237 is one of the most massive, thick and docile cows you will find. She is correct and very fertile. Her first bull sold in last years sale for \$5,500. She has another great bull this year, Lot 52. Her dam was a complete outcross by Cortachy Boy and was a top performer in our herd. Resource brings to the table the basics of efficiency and real world fleshing ability with natural thickness, muscle, feet quality and authentic Angus breed character. His EPDs for weaning and yearling weights are in the breeds top 1%.

ONeills Delia 715

JJR Delia Y500

JJR Delia Y500, Dam

ONeills Delia 715, Grandam

Super broody young cow with a tremendous pedigree. Her dam is our donor JJR Delia Y500. She combines two tremendous bloodlines, SAV Bismarck 5682 and ONeills Delia 715. ONeills Delia 715 is one of the real power cow in the breed. She is the dam of ONeills Expedition, Lucky Boy and Power Force. She has produced many of the ONeill Angus donors. Her sire, Final Answer 0035, is a proven and reliable calving ease sire. His progeny are docile, fertile and sound. 836 has a Tour Of Duty bull calf at side and a bull selling as Lot 51. 44 will calve by sale time to Tour Of Duty.

SAV Rosetta 0983 and Daughters

Rosetta has been one of our donors in the past. She is very fertile and productive, 3 of her progeny sell as Lot 56, 84 and 85. She is a third generation embryo donor with femininity, broodiness and powerfully complete design. Her prolific New Day dam, SAV Rosetta 0523 has generated over \$400k. Her sire, SAV Final Answer needs no introduction. He has sired the most registered animals in the Angus breed.

BULL BUYER'S GUIDE

Definitions of Terms

Expected Progeny Differences (EPDs): EPDs are the most accurate and effective tool available for comparing genetic levels.

Back Fat (BF): Inches of backfat.

Birth Weight (BW): Pounds of birth weight.

Calving Ease (CE): Percent of unassisted births when used on heifers.

Carcass Weight (CW): Pounds of carcass weight.

Maternal Calving Ease (MCE): Percent of unassisted births in first-calving daughters.

Milk (MLK): Pounds of weaning wt. due to milk.

Marbling (MRB): Marbling score.

Maternal Weaning Weight (MWW):

Pounds of weaning weight due to milk and growth.

Ribeye Area (REA): Square inches of ribeye.

Warner-Bratzler Shear Force (WBSF): Pounds of force required to shear a steak.

Stayability (STAY): Percent of daughters remaining in the cowherd at 6 years of age.

Terminal Index (TI): Dollars per cow exposed under a terminal-sire scenario.

Weaning Weight (WW): Pounds of weaning weight.

Yearling Weight (YW): Pounds of yearling weight.

Yield Grade (YG): Yield grade score.

Explanation of How to Utilize API and TI Indexes

First, determine which index to use; if you're keeping replacements use API, if not, TI. Then, just as with EPDs, zero in on the unit difference between bulls. (As described to the left, index units are in dollars per cow exposed.) The difference can be used to determine how much a bull is worth compared to another. Or, put another way, how much you can pay for one bull compared to another. For example, when buying an all-purpose-type sire, you can quickly figure a bull scoring +100 for API is worth an extra \$6,000 over a \$50 bull if both are exposed to 30 cows over 4 years ($\$50 \text{ diff.} \times 30 \text{ hd.} \times 4 \text{ yr.} = \$6,000$). A percentile-ranking chart is required to determine where a bull's index value ranks him relative to other bulls in the breed. For more information, visit www.simmental.org.

Central Confinement Service, Ltd.

Turn-key
Cow-Calf Buildings

Is limited pasture availability limiting your ability to expand your cow herd?
Complete or semi-confined cow/calf production could be the answer. With a managed environment, there are no limits to what can be done under a roof.
